I am a highly skilled compositor able to take a shot from concept to completion by myself using every part of NukeX to create the clients perfect scene. I work well with a team and always meet my deadlines. I currently work on films, series and commercials (live action & animated). I'm able to move from project to project quickly and fluidly.

Skills

Compositing 2D\3D\Deep | Keying | Color Grading | BG prep | Paint-out | Roto | Grain Management | Time Manipulation | NukeX Particles | 3D Projection | 2D\3D Tracking | Editing
